

# SO-CAL SPEED SHOP HOT ROD WHEEL

**SO-CAL Speed Shop Hot Rod Wheels:** A recent addition to our New Traditionalist™ line of products is the Hot Rod Wheel. SO-CAL has truly captured the look of the "Post-WWII/Pre-Elvis" American circle track racing scene. This one piece cast aluminum alloy pin-drive knock off wheel is the epitome of quality and truly puts it in a class by itself. Check out the features listed below and you'll see why we are so excited about this remarkable new addition to SO-CAL Speed Shop's unique line of hot rod products and services.

- Permanent low pressure molded one piece aluminum alloy casting.
- Material: 356A heat treated T6 aluminum.
- Available in knock-off style in either polished or "as cast" with a machined lip finish.
- Sizes are 16 x 5 1/2" (3" back space), 16 x 6" and 16 x 8" (3 1/2" back space). Note: All sizes work perfectly with SO-CAL Brakes.
- Available bolt patterns: 5 on 4 1/2", 4 3/4", 5" and 5 1/2"

**SO-CAL Knock-off/Hub Sets:** SO-CAL Wheels are designed to be used with TRIGO knock-offs and are sold in sets of four. They feature forged aluminum tri-fan knock off nuts (available in plain or polished), gold iridite plated steel uni-lug adapters and all related hardware. Note the S/S snap rings and aluminum grease retainers for the authentic look of the era.
