

# Chassis Parts

**Transmission Mount Adapter Plates:** There is no better transmission insulator than the tried and true Chevy mount. The Chevy design/size and availability are a natural in hot rod applications. These CNC machined adapter plates bolt up perfectly to Ford and Mopar transmissions making trans swaps a breeze especially where every bit of available space is crucial. Besides, Ford and Mopar mounts are just plain difficult to deal with.

- (A) #001-66201 Ford C-4 transmission adapter: \$39.95 ea.
- (B) #001-66202 Ford C-6 transmission adapter: \$39.95 ea.
- (C) #001-66203 Chrysler 727 transmission adapter: \$39.95 ea.

**Steel Motor Mounts:** SO-CAL carries a variety of weld-on motor mounts.

- (A) #001-60610 '32 Chevy S/B mounts: \$64.99 pr.
- (B) #001-60655 Model A Chevy S/B mounts: \$64.99 pr.
- (C) #001-60642 '32 Ford S/B mounts: \$64.99 pr.

## Motor Mounts

**Small Block Chevy S/S Motor Mounts:** Even though this pair of motor mounts is designed to accommodate a small block Chevy into a '32 and '33/'34 Ford chassis, we use them as universal mounts for almost anything including mid-50's shoe box cars. They are investment cast 17-4 S/S and come with trim-to-fit weld on frame mounting tabs.

#001-62802 Motor mount Chevy S/S pol.: \$249.95 pr.

**Ford Aluminum Motor Mounts:** This pair of mounts accommodates both Windsor and Cleveland engines for '32 and '33/'34 Ford chassis. They are CNC machined from 6061 Aluminum alloy and come with trim-to-fit weld on frame mounting tabs.

#001-62803 Motor mount Ford aluminum pol.: \$194.95 pr.

**Small Block Chevy Aluminum Motor Mounts:** This pair of mounts is designed to accommodate a small block Chevy into a '32 and '33/'34 Ford chassis. They are CNC machined from 6061 Aluminum alloy and come with trim-to-fit weld on frame mounting tabs.

#001-62801 Motor mount Chevy aluminum pol.: \$194.95 pr.

**Motor Mount Safety Strap:** If you've ever had a motor mount let go, you'd recognize the beauty of this little safety item. With cheap mounts on the market we see a constant need. It wraps around the engine mount brackets and keeps things in place when those early-style mounts fail—it's good insurance.

#001-71003 Motor mount safety strap: \$19.95 ea.
