Seat Belts & Retractors: All the cars built here at the SO-CAL Speed Shop are fitted with seat belts and retractors that keep the belts tidily out of the way. The belts, which have chrome steel fasteners, are now available in a wide range of colors. Call for color availability.

(A) #001-62168 Seat belt anchor tabs: \$9.95 pr.

(B) #058-RET Seat belt retractor: \$8.99 ea.

(C) #058-101 Seat belt: \$22.50 ea.

Can be used as a rod end cover

Stainless Steel Blister: Stamped from 18-gauge stainless steel. Blisters measure 5 1/4" long x 2 1/4" at widest point and 3/4" at deepest point.

#168-88001 S/S blister: \$23.99 ea.

Blister: SO-CAL carries a raw blister that's just waiting to get transformed for your hot rod needs. For example, as shown it's perfect for getting a little header clearance. 16-gauge steel, they measure 18" long and 6" wide at the widest part of the belly and they're 3 1/4" deep at the waist.

#169-10002 Steel blister: \$39.99 ea.

Kwik Scribes: Invented by our old friend, Geoff Mitford-Taylor of GMT and now manufactured by SO-CAL Speed Shop. This handy little measuring device should be in every workshop, garage and toolbox. Made of stainless steel, each of these three scribes offers four quick 'n' easy measurements for quickly scribing a line on sheet metal, tubing, even wood. Perfect gift for every handyman.

#001-60645 Kwik Scribes: \$19.95 set.
